

UCHealth Community Health

Fostering Health and Wellness in the Workplace

Colette Thompson, Director
UCHealth Community Health Improvement

Mission

We improve lives.

In big ways through learning, healing and discovery.

In small, personal ways through human connection.

But in all ways, we improve lives.

Vision

From health care to health.

For nearly 30 years, the UCHealth Community Health Improvement Department has been improving lives by offering programming for every age and stage of life.

UCHealth Culture of Health

...promoting and improving health in the workplace

Leader Champions

Achievable, proven strategies

Population-based

Equitable

Measurable

Through well established community partnerships, we work to achieve a coordinated continuum of care, close to home, for the communities we serve.

UCHealth Community Health Improvement

**...Improving lives and living the vision of
health care to HEALTH.**
