

What is Thriving Weld?

Vision

To make Weld County the healthiest place to live, learn, work, and play.

Thriving Weld Summit Goals

- Use storytelling and data to examine health equity and the challenges for health.
- Link community health improvement efforts to diverse partners.
- Celebrate existing partnerships; and develop new ones.

Summit Objectives

- Engage a broader and more diverse group of people to achieve our vision.
- Examine Weld's population health challenges and successes.
- Explore promising strategies and actions.

What is a Community Health Improvement Plan (CHIP)?

The CHIP is a community-driven strategic plan to set priorities for health improvement. Weld selected three goal areas in 2012 (original CHIP planning process) and continued the goals in 2018. Over 95 community partners helped rank and select these three goal areas:

Healthy Eating
