The Stories Behind the Numbers

ECMO—Extracorporeal Membrane Oxygenation

- The device takes over the heart's pumping and all of the lungs' breathing.
- The highest form of life support ever invented.
- This device does not cure, but maintains life so the medical team may treat the disease.
- Patients are minutes from death when placed on ECMO.

UCHealth overview

- Colorado-based
- 12 hospitals
- Only academic medical center in the region
- 1,900 hospital beds
- >150 UCHealth and affiliate locations
- 1.8 million patients served
- $854 million in total community benefit
- Separate 501(c)(3) and governed independently of the University of Colorado

Mission

We improve lives.

In big ways through learning, healing and discovery.

In small, personal ways through human connection.

But in all ways, we improve lives.

Vision

From health care to health.

Values

Patients First

Integrity

Excellence
